It is not permitted to mark a product as ECB•S-certified if only one single component is ECB•S-certified (e.g., a complete secure storage unit if only the lock is ECB•S-certified).

- 3.2 The user acknowledges acceptance of these Conditions by returning the signed Certificate of Obligation.

- 3.4 The distributor shall confirm acceptance of these conditions in writing to ECB at least 14 days before using the logo.
- 3.5 It is recommended that, if there are any doubts, the use of the ECB•S logo by the certificate holder and the distributor be agreed with ECB.
- 3.6 The certificate holders shall inform the administrative office about any use of the ECB•S logo which infringes these guidelines. This applies, in particular, to its use by the distributors associated with the certificate holder.
- 3.7 The marking on the product with the ECB•S logo or the reference to a ECB•S certification in any other form is only permitted in combination with a certification mark/sticker of the certification body European Certification Body GmbH (ECB). These certification marks/stickers can be obtained from ECB.

- 5.2 Thereafter the ECB•S logo shall be removed from all media immediately. Media from which the ECB logo cannot be removed (e.g. brochures) may no longer be distributed for public advertising without consultation with ECB.

#### **6. Sanctions**

In case the certificate holder or distributor (3.3) infringes any obligation according to clauses 3.3 to 4.5, the infringing party will be given a written warning with the Note of Obligation that for any further case of non-compliance he shall pay to ECB a penalty amounting to 5.000,00 euros – excluding the right to continued use.
